## "KAMERAD" SAYS THE DIRTY KAISER

"BING!" SAYS PRESIDENT WILSON, WHO SEES THE HIDDEN BOMB OF "KULTUR."

The German government has offered to accept President Wilson's terms in order to stop the fighting and go back to the borders to agree on terms. President Wilson replied that the German government can not be trusted and that kaiserism must perish. The world applauded to the echo his reply. Unconditional surrender is demanded.

The allies are winning great victories every day. The Germans are being driven back to their lines about as fast as they could go anyway. They are moving out of Belgium, closely followed by the civilized armies.

Turkey is begging for peace, but must surrender to get it. Austria asks for an armistice, but there is nothing doing.

An uprising in Germany to overthrow the Kaiser is reported to be probable.

### THE DOCTORS.

Dr. A. W. Bromley took sick last Saturday but is now almost well enough to be out.

Dr. T. D. Burgess was called to Huntington Wednesday by the dangerous illness of his sister Miss Frances Burgess. The last report said there was very little hope for her recovery.

Dr. L. H. York and Dr. J. C. Bussey have had all the work to do around here in the last few days and it is unnecessary to say that they are overworked.

### PROMINENT MAN DIES IN PRESTONSBURG.

Walter S. Wells, one of the best known of the coal operators in the Elkhorn and Big Sandy field, died on Monday night at his home in Prestonsburg following a brief attack of Spanish influenza.

Mr. Wells had recently returned from French Lick Springs, where he had gone for a brief rest following several months of strenuous labor, both in looking after his coal interests and in war work activities, in which branch of patriotic labor he had given considerable of his time for some months past. He was in good health when he left French Lick, but contracted a heavy cold, presumably during his trip home, which rapidly developed into double pneumonia with fatal results.

A specialist and two trained nurses were in attendance.

The remains were taken to Paintsville Wednesday to the home of his mother, Mrs. Julia Wells where the funeral services were held Thursday at 1 o'clock, after which interment was made in a new family burying ground.

The deceased was married in 1911, shortly after locating in Prestonsburg to Miss Elizabeth Archer, daughter of Mr. and Mrs. George P. Archer. To this union were born two children, Emma Alice and Elizabeth Jane.

He was devoted to his family and had just completed a lovely home in Prestonsburg. He was 30 years old.

### TO THE HOUSEKEEPERS OF LAWRENCE COUNTY

The Sugar Division has furnished a very liberal allowance of sugar to the merchants for the month of October which in addition to the replacement certificates should be sufficient to furnish every family to have ten pounds of sugar for canning purposes in October and I would urge you to have your merchants procure blank permits from the office of the Big Sandy News so that there may be no delay in your procuring sugar for jelly and apple butter.

JAY H. NORTHUP, Food Administrator Lawrence Co.

## A. L. BURTON DIES AFTER BRIEF ILLNESS

ANOTHER LOUISA MERCHANT FALLS A VICTIM TO INFLUENZA AND PNEUMONIA.

At about ten o'clock last Friday night, Oct. 11th, 1918, Mr. Alonzo L. Burton died at his home in Louisa. He was sick just one week. Pneumonia resulting from influenza was the cause of his demise.

The community was somewhat prepared for the shock, as it was known to the public for two days that his condition was very critical.

The funeral took place Sunday afternoon. After a song service at the residence the body was taken to Pine Hill cemetery followed by a long procession of automobiles carrying sorrowing relatives and friends. Many others had gathered at cemetery before the arrival of the funeral party. Because of the danger of contracting influenza where many persons are assembled indoors it had been decided to have the funeral services at the cemetery. The weather was pleasant with the sun shining brightly, making an ideal October day.

Rev. H. O. Chambers, pastor of the M. E. Church, South, conducted the services, assisted by Rev. E. M. Kenison, teacher of the men's Bible class of which Mr. Burton was secretary and one of the most faithful attendants. It was a beautiful service, with bright Christian assurance shining through the gloom of sorrow that attends the severing of happy human ties. The pure faithful life of the deceased made a beautiful funeral service easily possible. A wealth of flowers adorned the casket.

The pallbearers were officials in the church, as follows: T. S. Thompson, J. H. Preston, A. M. Hughes, A. O. Carter, W. E. Queen and M. F. Conley.

Mr. Burton was 41 years of age, and he had scarcely known the experience of illness previous to the last week of his life. His robust frame promised long life, but the call came to him with short notice, impressing us again with the uncertainty of life. He was one of Louisa's leading merchants and had been for several years. He engaged in that line of business after he had served one term as jailer of Lawrence county. He was a son of Mr. and Mrs. J. D. Burton, of Ulysses, both of whom were with him during his last days. Also, he had one brother, Roscoe C., of Thealka, Ky., who was called here by his illness, and one sister, Mrs. Borders Mead, of Indian Run, who was unable to be here owing to sickness in her family. He leaves a wife who was a daughter of Rev. A. J. Thompson, deceased. They had been married 20 years the 19th of September.

Mr. Burton was one of the best citizens in our town and county. He led a clean, upright religious life and had no enemies. He enjoyed the respect and friendship of everybody. He was active in church work, having been for years a steward and trustee of the M. E. Church, South. In every movement for the good of the community he could be counted upon for his influence and help. His death is a distinct loss and he will be very much missed in Louisa.

## CIRCUIT COURT WAS OF SHORT DURATION

INFLUENZA EPIDEMIC CAUSED ADJOURNMENT OF COURT TO NOVEMBER 6.

The adjournment taken is until Wednesday, Nov. 6th.

### TO PATRIOTIC WOMEN OF LAWRENCE COUNTY.

From headquarters comes the call to the women to help sell Liberty Bonds. Our boys in camp and on the battle front can not be fed and clothed in any other way except by the money raised by selling bonds. Surely we could not do a nobler work than this. The sale is going slow and only a few days left. It closes October 19. It must not fail. We must do our part. Let every woman get busy today and work without ceasing until Saturday night. We must not be slackers, but we should all be true to our boys who are offering their lives for our freedom.

Please get busy at once and let me have a report not later than Saturday. Call on the women of your neighborhood to go to work.

(Miss) MAUD SMITH, County Chairman of Women's Com. Louisa, Kentucky.

## LIBERTY LOAN CAMPAIGN ABOUT OVER

LAWRENCE COUNTY HAS CONSIDERABLE WORK TO DO BEFORE SATURDAY NIGHT

The campaign for the sale of Fourth Liberty Loan bonds will close Saturday night of this week. Lawrence county is not yet over the top with her quota and unless those who have not done their part wake up at once, our county will be on the slacker list for the first time. We are near enough the goal that there is no chance to say we can not reach it. If every person who is able will give his or her subscription to some bank or committeeman or solicitor immediately the county will go over the top by Saturday.

Remember, nobody is paid to go out and induce people to do their duty in this great cause. Don't wait for some patriotic worker to come around and prod you. Act right now and get your name on the honor roll.

Lists have been made in almost every county of people able to buy. In some of these counties each man and woman able to buy is being assessed just what the committee thinks they can do and a committee is sent out to have them sign up on that basis. We do not believe Lawrence county has yet reached the point where this method is required but by Saturday night of this week we shall know better. Let's show pride enough to make the strong-arm methods unnecessary.

## CALOMEL 'IVATES AND MAKES SICK

Acts like dynamite on a sluggish liver  
and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when only a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is

perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

## Volunteer as Patriots For Government Work

### Carpenters 60c, Laborers 35c Per Hour

### Lodging Free

The Government at Washington has called upon the citizens of KENTUCKY at once to furnish the men to build—or lose from the State entirely—the wonderful Camp Henry Knox, at Stithon, designed to be the greatest Artillery Training Camp in the United States. The credit and good name of the Commonwealth of KENTUCKY must be upheld. And the State MUST NOT lose this great plant, calling for an investment on the part of the United States Government of from \$15,000,000 to \$20,000,000

Up to this time the work has lagged for want of men. It is now up to the men of Kentucky to volunteer, or be forced to do so later on. There is no middle course.

## Ten Thousand Workmen Must Come Forward

### CARPENTERS AND LABORERS

Wages are high and are fixed by the Government. Carpenters 60 cents an hour. Laborers 35 cents an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers.

Free sleeping quarters provided with new cots and blankets. Meals 30c each. Transportation free to laborers and charges are advanced to carpenters from any point in state of General Washington and the Continental Army at Valley Forge.

### SANITARY CONDITIONS ARE OF THE BEST

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

### PATRIOTIC WOMEN OF KENTUCKY.

See to it that every able-bodied man in the State, not engaged in other war industries, volunteers his services at high pay, to help get this great permanent Kentucky camp ready for the brave boys of the Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so that they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our liberty in the great fight Employment Service, just as they would a Hun spy or an Army Slacker.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun spy or an Army Slacker.  
Show them their duty!  
Make them volunteer.  
Take their places

### CAMP KNOX MUST BE READY BY DECEMBER 1.

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job all right, even for Kentuckians, but can be done, as Kentuckians never fail in what they do.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job all right, even for Kentuckians, but can be done, as Kentuckians never fail in what they undertake.

The fair name of the old Commonwealth—the Fourteenth State to be admitted in the Union—is at stake in the National Capital and before the Country at large.

### EMPLOYERS—NOTICE—IMPORTANT

If your work is non-essential, give up some of your men at once and advise them to go to Camp Knox. If the call for volunteers is not heeded you may be required to shut down completely. We do not wish to do this by compulsion.

This is no time for shilly-shallying. We must have ACTION. The work is vital. It is imperative.

Be a Volunteer and Go at Once!

### MEN, MEN AND MORE MEN TO SAVE KENTUCKY

This is an EMERGENCY necessitating drastic action if the call for volunteers is not heeded.

When the order came from Washington telling what Kentucky had to do to save Camp Knox for the State, Federal Director Pratt Dale, of the United States Employment Service for Kentucky, immediately held a War Council of affiliated interests, composed of Major W. H. Radcliffe, Constructing Quartermaster at Stithon; John Griffiths & Son Company, builders of Camp Knox for the Government; and O. L. Taylor, District Organizer of Kentucky, United States Public Service Reserve; Edward W. Hines, State Chairman, State Council of Defense. Determined action was decided on. All Government agencies will be invoked to secure the necessary men.

Let the word go out broadcast of Kentucky's need of men in this greatest of humanitarian war works—housing our soldiers.

Let it go out at once.

Preach it from the pulpit.

Shout the need from the house-tops.

Organize the Workers at once—and report them to your nearest United States Employment Service or to your County Chairman, United States Public Service Reserve.

### IT CAN BE DONE WITH YOUR HELP.

Georgia furnished 5,000 men to save its pickle acid plant—raised them in two weeks. Kentucky can do even better.

Major Radcliffe says: "Every nail you drive, every brick you lay, every bit of real work done, will add to the growing load around the Kaiser's neck. The war won't wait! Men and Women of Kentucky—Do your duty for your Country and your Commonwealth and help us to protect YOUR boys."

# REMEMBER!

Before you think and plan for peace, before you dream of what you are going to do when the war is over

## REMEMBER!

*The Lusitania.*

*The martyred men, women and children of Belgium.*

*The savage cruelties inflicted on France.*

*The murder of Edith Cavell.*

*The bombardment of unfortified towns and villages.*

*The dropping of bombs on hospitals and Red Cross stations.*

*The abhorrent cruelties practiced on helpless, wounded and sick prisoners.*

*The burning of the monuments of civilization, of cathedrals, of libraries, of country homes.*

*The savage, systematic destruction of farms, the cutting down of fruit trees, the stealing of farm implements, livestock and farm produce.*

*The carrying away into slavery of men and boys to work under the lash of the Hun in his mines and factories.*

These, and many other examples of German brutality, must be remembered and must be punished before we think of peace.

And the only way to make certain of Victory is to lend Uncle Sam all the money that he needs by buying LIBERTY BONDS.

**GO TO ANY BANK TODAY AND BUY YOUR LIBERTY BONDS**

## Nothing Else Matters

Absolutely nothing else matters today except the winning of the war.

Old prejudices, old ideas, old customs---everything must be thrown out of the way, if necessary.

Nothing is sacred now---except Our Cause which is the cause of righteousness and victory.

We are all in the same boat and we must sink or sail with Uncle Sam.

The only thing that matters now is that we lend the most effective possible help to Uncle Sam in defeating Germany and everything that German militarism stands for.

Wake up! Cut out the nonessentials, get down to brass tacks, live simply, give all you have of mind and strength to the one task, compared with which all others are insignificant.

Lend your money to Uncle Sam by buying *Liberty Bonds* and talk to your friends and neighbors about lending theirs.

Are you loyal? Then buy bonds.

The world had a peace scare Saturday and Monday but Tuesday brought relief. The Kaiser's government yielded "Kamerad," but President Wilson saw a grenade partially concealed in the murderer's hand, and remembering former experiences with loaded "scraps of paper," he slapped the beast of Berlin right in the face and dismissed him and his associate brutes from decent company. The world is applauding President Wilson for the manner in which he has handled one of the greatest events in all history.

IN APPRECIATION.

To the good people of Louisa:  
I take this method of extending to you all my heartfelt thanks for the kindness and courtesy you have shown my only brother, Roscoe Burton, during his sickness and death. I have always thought of Louisa county as it is my native county, and to the people in Louisa I want to say that I think more of you all than I ever did. I am glad that my brother lived among a class of people that has sympathy for each other in time of trouble and not only sympathy do they have, but they lend a helping hand and that is more than I expected, owing to the amount of sickness there was in town.

I am also glad he lived a life of honor so that he would be missed by those who knew him. His life has always been clean and the word that gave dear old mother the greatest joy of all was when he hugged her and told her that he was thankful that she had started him right, and that his way was clear.

He realized that his loving wife and mother were his best friends on earth. Thanking you

Yours respectfully,  
ROSCOE BURTON.

YOUTH-TIME

Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens where the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in,—and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want to feel sure about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It."

The Only Peel-It-Off Way Is "Gets-It." It's anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fussing or putting. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use the "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

## DEEP HOLE.

The death angel has again visited our community and taken from our midst, our friend, Sol May, son of R. T. May. He was shot at the Deephole school house Tuesday night, October 1st, about 9:15 o'clock, just after church dismissed. He was shot thru the abdomen. He was taken to the Riverview Hospital and lived until about 5 o'clock Thursday evening.

He was happily converted some few hours before the summons came to take dear Sol to heaven where there will be no more suffering but where all is joy and peace forever. He leaves a wife who was Miss Lizzie Adkins before marriage a little seven-month-old son, a father, mother, two sisters, Misses Martha and Della, seven brothers, Sam and Crit of Pike county, Dave, Don, Henry, Charlie and Tom, of this place.

Weep not, dear friends, for Sol, for he is at rest. He is now singing those sweet songs he helped sing in the choir just about three minutes before he was shot. Sol was a boy liked by everybody, for he always wore a bright smile, had a kind word for everybody with whom he came in contact.

Burial took place Saturday at 10 o'clock on the point which overlooked the home in which he had spent almost ten happy, peaceful years. The bereaved family have our sympathies.

Like the dove from the ark thou hast flown to thy rest from this world of sin and strife to the home of the blessed. A Friend.

## Make Purchase of Bonds Easier

Cleveland banks and trust companies have agreed upon a plan which makes buying Liberty Bonds very close to the easiest thing in the world.

To those who cannot conveniently spare the cash for their bonds, they will make loans up to 90 per cent of the par value of the subscriptions for ninety days from October 24, on bonds purchased through these institutions. The interest rate will be the coupon rate, 4 1/2 per cent.

Moreover they will renew these loans, when satisfactorily reduced, for a second ninety days, at one-half of one per cent in excess of the Federal Reserve bank's discount rate on such loans. The Reserve bank's rate of discount now is 4 1/2 per cent, subject to slight change at any time.

These loans will not interfere with the borrower's regular line of credit. The purpose of the plan is to encourage the buying of larger bonds than would otherwise be bought.

We are in this war to win it, and in order to do so we need the support of all the people of this Country in buying Liberty Bonds. Brundage Combs Acting Secretary of War.

## Nation-Wide Preparedness

North, South, East, West—all working to put the Nation in fighting trim!

Army and Navy departments and districts, camps, yards, coast-guard stations, light houses, munition, construction and textile plants—all co-ordinating to mould the vast organization into an effective homogeneous force! And in this enormous task the country's telephone network has been and will continue to be the great indispensable agent of communication.

The Bell system has enlisted every resource at its command and offered all unreservedly to the government.

This, together with the immensely increased commercial demand for service, the general shortage of materials, and the enlistment and draft of a large number of technically trained employees who cannot be replaced, will, it is hoped, be borne in mind by every loyal American if there should later result the necessity for subordinating private convenience to the pressing needs of the government.

\*We are not sitting idly by and waiting for a bright day when our money can buy equipment. We are using every means at our command to keep our service up to its usual high standard. You will want to help because you will be helping your own service and enabling us to do a better job for Uncle Sam.

We appreciate co-operation.

# Shall We—Can We—Prove False to Their Trust in Us?

Our heroic soldiers and sailors have gone forth to risk their lives for us. They are giving one hundred per cent of their effort, they have given up their comfortable homes, they have left their loved ones behind, they are prepared to lay down their lives without murmur.

## AND ALL FOR YOU AND ME!

In going, they left behind a sacred trust. They left behind the faith that we would stand by them to the limit of our power. Just as they offer their lives for us they believe that we will not hesitate to lend our money to buy what is needed to help them to end the German curse.

When they heard the thunder of the cheering and saw the countless flags waving, that meant to them our promise that we would not betray them.

Are we measuring up to this trust they have in us?

## ARE YOU?

Do the LIBERTY BONDS you have bought look big enough to you to make good the trust that our soldiers are reposing in you?

If not, hurry and buy more while there is yet time.

## FARMER WILL NOT FAIL U. S. IN ITS GREATEST TEST

SECRETARY OF AGRICULTURE IS  
SURE RURAL SECTIONS WILL  
BUY BONDS.

BY D. F. HOUSTON.  
Secretary of Agriculture.

The Fourth Lib-  
erty Loan will not  
fail for lack of sup-  
port of American  
farmers.

That is the an-  
swer I am giving  
to those who ask  
me what the re-  
sponse of the  
American farmer  
will be. I am mak-  
ing this confident  
assertion in the  
face of the fact  
that the American  
people are now being asked to make  
a colossal contribution to liberty—six  
million dollars.

American farmers have demon-  
strated their patriotic support of the  
nation's great war loans. One of the  
most striking features of the Third  
Liberty Loan was the support given  
you by the farming and rural popula-  
tions. Not only did farmers purchase  
liberally of the bonds, but the rural  
communities as a rule were more  
prompt in completing their quotas  
than the larger cities.

More than twenty thousand com-  
munities in the United States sub-  
scribed or oversubscribed their  
quotas, many of them on the first day  
of the campaign.

The majority of these were not  
cities but country districts. Iowa, a  
typical agricultural state, was the first  
to subscribe its quota.

But we now have a greater effort to  
make. Our largest war loan has been  
launched. It will test our determina-  
tion to defend our liberty and our re-  
public at all costs. Our armies in the  
field are fighting victoriously. The  
forces at home are now in an offen-  
sive that must not fail.

Let us buy liberally bonds that we  
may attain our objective, a righteous  
and lasting world peace.

## The Yanks Are Buying Bonds

The Yanks are buying bonds. It's not  
enough  
For them to live and die and suffer  
all  
The agony of living death. They  
know  
Just what their comrades die for  
when they fall.

They know its meaning to us here at  
home.  
They know the menace of the Prus-  
sian lie  
To all the world and all the race to  
come.  
They know just what they're fight-  
ing—yes, and why.

And, therefore, while they offer life,  
they say,  
"It's not enough. Not now. If we  
can aid  
in other ways, we must. We know  
the need  
Of guns as well as lives in our  
crusade."

"We like our pay, but we can let it go  
For such a thing as this. We'll do  
it, too.  
And if the folks at home can't raise  
enough  
We'll borrow some to bring those  
billions through."

Oh yes, the Yanks are buying. We  
can rest  
And know they'll make up what we  
don't provide.  
If we can let them, then let's hope the  
dead  
Know not those whom they died for  
are they dead!

—Lucy Jeanne Price.

## 56 State Banks Are Members of Federal Reserve Bank System

The Federal Reserve Bank of Cleve-  
land and the system of member banks  
will one day soon represent a total of  
resources of one billion dollars.

Recent figures showed that in the  
Fourth District 56 state banks had  
been admitted to membership, and  
they have raised the total resources to  
\$608,374,000. Applications are pend-  
ing from numerous other institutions  
in the district and as the banks  
learn the advantages of being member  
banks all applications will undoubtedly  
be accepted for membership.

The Federal Reserve Bank system  
of the country is credited with being  
the most powerful agent in making  
possible the solution of the three Lib-  
erty Loans.

Suffer terribly with corns because of  
high heels, but why care now.

Women wear high heels which buckle  
up their toes and they suffer terribly  
from corns. Women then proceed  
to trim these pests, seeking relief, but  
they hardly realize the terrible danger  
from infection, says a Cincinnati auth-  
ority.

Corns can easily be lifted out with  
the fingers if you will get from any  
drug store a quarter of an ounce of a  
drug called freezone. This is sufficient  
to remove every hard or soft corn or  
callus from one's feet. You simply ap-  
ply a few drops upon the tender, ach-  
ing corn or callus. The soreness is re-  
lieved at once and soon the entire corn  
or callus, root and all, lifts out without  
one particle of pain.

This freezone is a sticky substance  
which dries in a moment. It just  
shrivels up the corn without inflaming  
or even irritating the surrounding tis-  
sue or skin. Tell your wife about this.

## HOW FAR IS FT. GAY

Not So Far That the Statements of Its  
Residents Cannot Be Verified.

Rather an interesting case has been  
developed in Fort Gay. Being so near  
by, it is well worth publishing here.  
The statement is sincere—the proof  
convincing.

Reynolds Frasher, physician, Fort  
Gay, W. Va., says: "I used to take  
Doan's Kidney Pills quite frequently  
for a disordered condition of my kid-  
neys and was greatly benefited on  
each occasion. I haven't had any need  
of such a remedy now for quite a few  
years and I believe Doan's Kidney  
Pills have permanently cured me. I  
still prescribe Doan's Kidney Pills,  
however, in my practice with the same  
satisfactory results and on the whole  
I consider them a worthy remedy."

## Watch the Tongue of your Young! Your little Pets need Cascarets

Children think Cascarets just dandy.  
They are safe and mild cathartic candy.  
Sell for a dime—"work" every time.

**MOTHERS!** Clean the clogged-up places. Do away with the bile,  
sour fermentations and constipation poison which is keeping your little  
one cross, feverish and sick. Children love Cascarets because to them  
it is like eating candy. Cascarets act better than castor oil, calomel or  
pills on the tender stomach, liver and bowels. Cascarets never gripe,  
never injure, and do not disappoint the worried mother. Give harmless  
Cascarets to children one year old and upwards. Each ten cent box  
contains full directions.

## MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If cross, feverish, sick, bilious, clean  
little liver and bowels.

Children love this "fruit laxative,"  
and nothing else cleanses the tender  
stomach, liver and bowels so nicely.

A child simply will not stop playing  
to empty its bowels, and the result is,  
they become tightly clogged with waste  
liver gets sluggish, stomach sour, then  
your little one becomes cross, half-sick,  
feverish, don't eat, sleep or act natu-  
rally, breath is bad, system full of cold,  
has sore throat, stomach-ache or dia-  
rrhoea. Listen, Mother! See if tongue  
is coated, then give a teaspoonful of  
"California Syrup of Figs," and in a  
few hours all the constipated waste,  
sour bile and undigested food passes  
out of the system, and you have a well,  
playful child again.

Millions of mothers give "California  
Syrup of Figs" because it is perfectly  
harmless; children love it, and it never  
fails to act on the stomach, liver and  
bowels.

Ask your druggist for a bottle of  
"California Syrup of Figs," which has  
full directions for babies, children of  
all ages and for grown-ups plainly  
printed on the bottle. Beware of coun-  
terfeits sold here. Get the genuine  
made by "California Fig Syrup Com-  
pany." Refuse any other kind with  
contempt. Adv.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy  
and beautiful at once.

Immediate?—Yes! Certain?—That's  
the joy of it. Your hair becomes light  
wavy, fluffy, abundant and appears as  
soft, lustrous and beautiful as a young  
girl's after a Danderine hair cleanse.  
Just try this—moisten a cloth with a  
little Danderine and carefully draw it  
through your hair, taking one small  
strand at a time. This will cleanse the  
hair of dust, dirt and excessive oil, and  
in just a few moments you have dou-  
bled the beauty of your hair. A de-  
lightful surprise awaits those whose  
hair has been neglected or is seriously  
faded, dry, brittle or thin. Besides  
beautifying the hair, Danderine dis-  
solves every particle of dandruff;  
cleanses, purifies and invigorates the  
scalp, forever stopping itching and  
falling hair, but what will please you  
most will be after a few weeks' use,  
when you see new hair—fine and  
downy at first—yes—but really new  
hair growing all over the scalp. If  
you care for pretty, soft hair, and lots  
of it, surely get a small bottle of  
Knowlton's Danderine from any drug  
store or toilet counter for a few cents.

## AYE BOY, WE WILL

both because of the damnable  
vanity of one man with six un-  
wounded sons.

What has the Kaiser given  
but words?

I see the checker-board fields  
of France, unhappy France, and  
our own marching up the road.  
I can hear voices floating back  
to me. Familiar phrases!

"You son-of-a-gun!"  
"Old Scout!"  
"You betcha!"  
"Treat 'em rough!"

I HEAR songs. I hear  
Yankee Doodle sung as it  
was never sung before. I

Learn the Battle Hymn of the  
Republic, and I have goose-  
pimples. "Oh, boy, where do we  
go from here?" I laugh, with a  
tight feeling in my throat.

Lean, lithe, tanned, swinging  
boys. The whites of their eyes  
are clear, their skins glow. Lord,  
the fresh life of them!

On, on, through aisles of plane  
trees. Sometimes a boy turns  
his head westward. What's he  
thinking of as he hears the Hell  
on earth! Folks back home.  
He isn't thinking in terms of  
Liberty Bonds. He's just sort of  
wondering if we're going to  
stick behind him.

**BEFORE** God, we are, boy!  
And the only way we can  
stick is to buy bonds.

You are giving your life.  
What the devil do we care about  
our dollars? You'll get your  
coffee and slum if we have to  
pawn the shirts off our backs.

That's the way we feel today.  
Never you doubt it.  
Six billion dollars!  
Will we give it! Wait and  
see!

## A NERVOUS WRECK

From Three Years' Suffering. Says  
Cardui Made Her Well.

Texas City, Tex.—In an interesting  
statement, Mrs. G. H. Schill, of this town,  
says: "For three years I suffered untold  
agony with my head. I was unable to  
do any of my work.

I just wanted to sleep all the time, for  
that was the only ease I could get, when  
I was asleep. I became a nervous wreck  
just from the awful suffering with my  
head.

I was so nervous that the least noise  
would make me jump out of my bed. I  
had no energy, and was unable to do  
anything. My son, a young boy, had to  
do all my household duties.

I was not able to do anything until I  
took Cardui. I took three bottles in all,  
and it surely cured me of those awful  
headaches. That has been three years  
ago, and I know the cure is permanent,  
for I have never had any headache since  
taking Cardui.

Nothing relieved me until I took Cardui.  
It did wonders for me."

Try Cardui for your troubles—made  
from medicinal ingredients recommended  
in medical books as being of benefit in

## SANDY VALLEY SEMINARY

H. G. SOWARDS, Principal  
PAINTSVILLE, KENTUCKY

TERM OPENS MONDAY, SEPTEMBER ELEVENTH 1918.

## ADVANTAGES—

Teachers of broad experience and adequate equipment.  
Christian environment. Active religious influence. A  
Christian character is built on the Rock of Eternal  
Truth and will stand unshaken amid the shock and storm  
of life's battle. This ought to be the first consideration  
in selecting a school. Here you have Christianity and  
religious influence in positive terms.

## COURSES—

Academic—Good high school or college preparatory of-  
fered. All the required subjects and a number of elec-  
tives. Standard course admitting to any college.

Normal—Course offered meeting the State requirement.  
Teachers also have best opportunities in preparation  
for examination and what is better a thorough prepara-  
tion for successful teaching.

Commercial—Strong course in bookkeeping, short hand,  
typewriting and correlative subjects. Our graduates  
equipped to fill the best positions. Unusual opportuni-  
ties are now offered through the business course.

Music—Piano and Voice. This department has well  
deserved the praise it receives. We have had far more  
than the average success and the course for this year is  
to be strengthened.

Expression—Kentucky is noted for oratory. It is a tal-  
ent of marvelous power and when properly developed  
and cultivated makes one master of assemblies. We be-  
lieve it is a grave mistake to neglect this talent and are  
offering a splendid course in physical culture and  
expression.

Grades—So many people living in the rural communities  
desire for their children better school advantages and at  
the same time home care. In our elementary depart-  
ment we offer this opportunity. Our teachers are grad-  
uates having had special training for the grade work,  
and in our dormitory the teachers will continue in  
charge. This gives you the advantage of the best  
schooling and also the same careful oversight of the  
home.

# Wash the Socks You Knit with Grandma's Powdered Soap

Wool Socks  
Will Not Shrink  
Get Hard or Knot Up  
When Washed  
With Grandma

GRANDMA leaves them soft and fluffy and makes them easy on the feet.

Many inferior soaps are made with rosin and when you wash woolen socks with them it causes the socks to shrink and get hard and knot up. Countless hours spent in knitting have been lost just because the socks have been practically ruined by improper washing.

## GRANDMA'S Powdered Soap

Follow these directions and you will never have any trouble. Use GRANDMA in luke warm water and wash the socks in the wonderful suds. Then rinse in luke warm water, shake them out well (do not wring) and hang them up to dry slowly.

GRANDMA is the most economical and finest "all round" household soap that can be used. You measure it out with a spoon—no waste. Try it.
